

PhD Program in Education

ABOUT THE PROGRAM

The Ph.D. in Education is a research-focused program designed for individuals pursuing careers as researchers, educators, and policy leaders in academic and educational institutions. It emphasizes collaborative research, culturally responsive leadership, and advanced skills in teaching, research, and analysis within fields such as Educational Administration, Educational Measurement and Evaluation, and Curriculum Studies and Instruction. The program is structured into these three core areas aimed at developing graduates who can lead and influence education

PROGRAM RATIONALE

The PhD program is essential in academia as it enables individuals to contribute original knowledge through research and make meaningful discoveries in their field. It also prepares individuals for academic careers as researchers or professors, allowing them to impact education and

AREAS OF SPECIALTY

- * Educational Administration
- * Educational Measurement and Evaluation
- * Curriculum Studies and Instruction
